

POWERFUL PERFORMANCE, SIMPLE TO MANAGE

The Lenovo V320 tower desktop features the latest Intel® Pentium® processor which delivers performance that's 25% faster than the previous generation. So whether you're creating documents, sharing a presentation, researching data, or kicking back with an HD video, you're sure to make the most out of your time. Plus, the V320 is simple to manage and keep system health optimized with Lenovo Companion APP—so you can focus on the important stuff like running your business. What's more, Smart USB protection can prevent sensitive data from leaking and ensure nothing malicious enters your system through ports.

WHY YOU SHOULD BUY THE LENOVO™ V320 TOWER

Exceptional Performance

Make the most out of your time with the latest Intel® Pentium® processors, which deliver performance that's 25% faster than the previous generation.

Easy Management

Have your one-stop guide to maximizing system performance with Lenovo Companion app. It ensures that your PC remains current on critical updates, while also providing key system information like serial number, user guides, and warranty details in one convenient location.

Secure

Smart USB Protection allows you to restrict port access while allowing keyboard and mouse input.

Go Green, Save Green

Energy Star 6.1 and GREENGUARD® certifications ensure that power consumption is reduced, which translates to cost savings no matter how you look at it.

Lenovo™
