

Lenovo™ ThinkPad X270

PORTABILITY MEETS PERFORMANCE

Delivering a powerful performance in a durable, ultralight design – ThinkPad X270 keeps you productive, mobile, connected.

Power, performance, and durability, that's what you get from the ThinkPad X270. Thanks to an all-day battery and 7th generation Intel® Core™ processing, plus plenty of storage and memory. With a secure touch fingerprint reader, advanced facial recognition, and the legendary ThinkPad support, the ultralight X270 is destined to give your business the edge.

WHY YOU SHOULD BUY THE LENOVO™ THINKPAD X270

Performance You Can Count On

With the responsive, and efficiency of 7th generation Intel® Core™ processors, you can switch effortlessly between your favorite apps – increasing your productivity and enjoyment.

User-Friendly, Business-Friendly

Easy to set up and roll out, the X270 is quick to service, upgrade, and secure. From an everyday user to an IT technician, these business laptops make work (and life) easier for everyone.

Less Really is More

Available with Microsoft Windows 10 Pro Signature Edition, you can say goodbye to unwanted trial ware, apps, or distractions. Hello to a faster laptop, from start up to shut down.

Forgotten Password? Don't Sweat It, Just Touch Your Finger

With Windows Hello's Biometric fingerprint technology, there's no need to remember a password. Simply touch the fingerprint scanner to log in, quickly and securely.

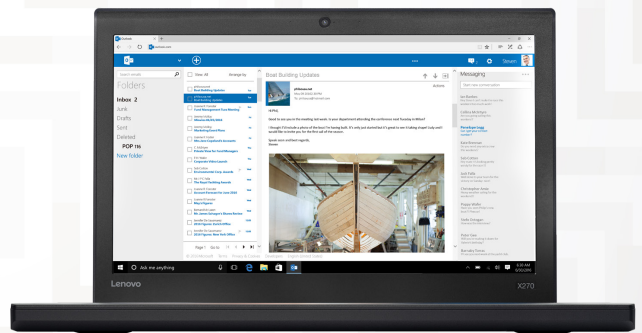

Make Light Work of Long Days

With its two batteries and Power Bridge technology, the X270 gives up to 21.4 hours of power on a single charge. More than enough to get you through the day or binge-watch your favorite show.

On-the-Go Productivity and Entertainment

Weighing from just 2.99 lbs / 1.36 kg the X270 gives you portability and performance. Ideal for working on the go or kicking back to enjoy a movie.

WHO NEEDS THE LENOVO™ THINKPAD X270?

- 1** Users who are less discerning about devices and technology, who just want the shortest, reliable route to getting the job done.
- 2** Professionals who see technology neutrally, but are aware that it helps boost their efficiency and connectivity – and will choose devices according to peer recommendation.
- 3** Highly mobile users who regularly work out of office, relying on cloud services and portable devices to simplify productivity – and get the job done.
