WHY YOU SHOULD BUY THE LENOVO YOGA 520

Stunning FHD resolution

With up to a Full HD (14") IPS touchscreen display, you'll be able to watch movies and browse the web in vivid detail from nearly every angle—whether you're lounging on the couch, or watching with a friend. And we've narrowed the bezels on two sides of the screen, to maximize your viewing experience.

Get creative with Lenovo Active Pen

Sketch a friend's portrait for their birthday, or send notes on a team project, with the optional Lenovo Active Pen—which works directly on the Yoga 520's touchscreen. Pin-point accuracy, palm-rejection technology, and astonishing pressure sensitivity provide a natural, intuitive pen experience.

Lenovo™
