WHY YOU SHOULD BUY THE LENOVO™ THINKPAD YOGA 370

Possibilities Are Now Limitless

With its lightweight design, you can take the ThinkPad Yoga 370 wherever your travels bring you. And with its 360-degree hinge, this 2-in-1 flips easily from laptop to tablet and can adapt to anything.

Travel Smart With ThinkPad

Whether you spend days in the office, hours on the road, or a frequent flyer, the Yoga 370 is there for you. Tested to withstand stringent military tests and over 200 quality checks, the durable device will stand up to anything your day brings.

Ink the Way You Want

With the Yoga 370's Inking abilities, there are no limits to where your imagination can take you. Supported by all Office 2016 Applications, Inking enables you to use the rechargeable pen or just your finger to mark up and make the changes in real time.

Less is More

Yoga 370 boasts a reduced narrow bezel design so you enjoy more screen, while taking up less space on your desk. In a coffee shop on a small table or on that cramped flight, it's easy to work or play.

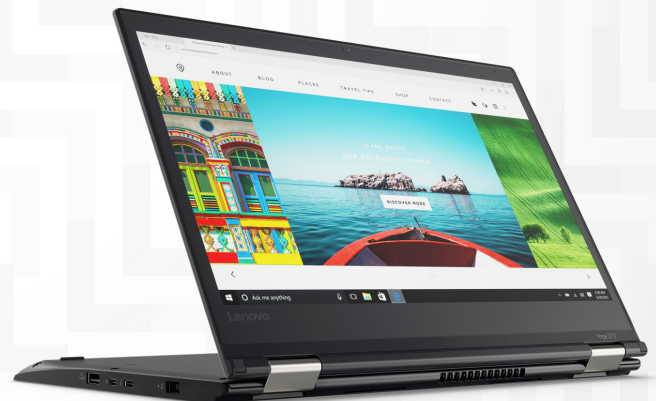

Express Yourself

Yoga 370 is available in two stylish colors. Choose either the tried-and-true ThinkPad classic Black or the eye-catching Silver that's sure to turn a head or two.

Ready for Today, and Tomorrow

Thanks to the Intel® Thunderbolt™ 3, you can transfer data in the blink of an eye. You can also enjoy wireless docking with WiGig, while OneLink+ gives you super-fast and convenient docking.
