

LENOVO™ LASER ETCHING SERVICES

Lenovo's Laser Etching Services provide a secure, tamper resistant means of identifying your organization's PC assets. Etching Services are fully customizable, meaning you can not only include important contact information such as company name and phone number, but corporate logos as well. Secure your PCs while providing a unique means of promoting your company or brand.

WHY LASER ETCHING?

THEFT PROTECTION:

- Differentiate your system from others
- Visible theft deterrent
- Easily recognized

BRANDING:

- Mobile billboard for your brand & organization
- Corporate visual identity
- Company pride
- Innovative
- Trend setting
