

# LENOVO<sup>™</sup> ASSET TAGGING WITH LASER ETCHING OR UV PRINTING SERVICES

KEEP TRACK OF YOUR DO

## **YOUR PC INVESTMENT IS MORE SECURE THAN EVER BEFORE.**

Lenovo's Asset Tagging and Laser Etching and UV Printing Services provide the foundation for a strong asset management program that can improve tracking ability, reduce loss and theft, and uniquely identify your organization.

### **UNIQUE BRANDING OPPORTUNITIES**

Make an exclusive limited edition. Impress customers, reward employees. Include graphics and text. Showcase your logo, organization name, phone number, and more. Asset Tagging, Laser Etching and UV Printing can be customized for your needs.

### **EASY AND EFFECTIVE ASSET MANAGEMENT**

Save time by enabling detailed asset information to be quickly and accurately imported into your asset management system.

### **STREAMLINED DEPLOYMENT**

Done in the factory, asset tagging ensures your machines arrive with customized tags for quick and accurate tracking on day one.

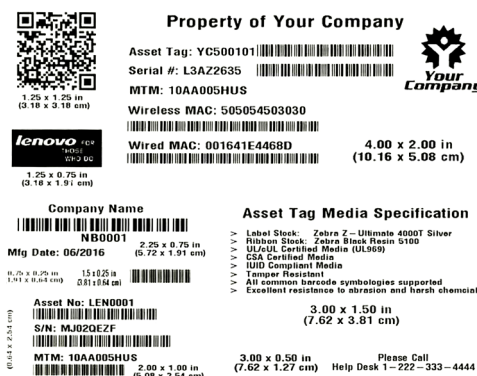

## DID YOU KNOW?

Of 329 public and private organizations studied for one year<sup>1</sup>:

- ▶ \$2.1B in data, hardware and productivity were lost due to lost assets
- ▶ Up to 12,000 PCs are lost or stolen in US airports weekly
- ▶ Only 5% of technology assets are recovered

## ASSET TAGGING<sup>2</sup>

Have immediate control of your assets. Executed in production, Asset Tagging ensures your PCs are protected from day one, easily identifiable and trackable right out of the box. Lenovo offers flexible options to meet the exact needs of your organization.

Lenovo Asset Tagging, Laser Etching and UV Printing Services are part of a comprehensive portfolio of Lenovo's services that support the entire lifecycle of your PCs. For more information on this, or other service offerings, please contact your regional Services Sales Lead or Solution Architect.

**Lenovo** Services

<sup>[1]</sup> Source: eWeek.com, <sup>[2]</sup> Lenovo's Asset Tagging service is available for all Think branded systems. Systems include: ThinkStation® Systems, ThinkPad® Systems (Including Tablets) ThinkCentre® Systems, and ThinkServer® Systems. <sup>[3]</sup> Asset Tag Reports may not be available in all regions. <sup>[4]</sup> Laser Etching and UV Printing are only supported on selected Think Products (Notebooks, Desktops and Workstations) and only in selected countries. All products and offers are subject to availability. Lenovo reserves the right to alter product offerings and specifications at any time, without notice. Laser Etching and UV Printing is applied to materials which allow variations and minor imperfections within color, texture and shape resulting in unique surface design which can differ for each product, even those of the same machine type and material. Lenovo makes every effort to ensure accuracy of all information but is not liable or responsible for any editorial, photographic or typographic errors. All images are for illustration purposes only.
