SEALED BATTERY WARRANTY

A BETTER BATTERY DESERVES BETTER PROTECTION

Lenovo's selected PCs incorporate a battery specifically designed for ultra-thin products. This sealed, non-Customer Replaceable Unit (non-CRU) battery is designed to last three years under normal usage, and with Rapid Charge Technology charges 2.5 times faster than typical ThinkPad batteries.

Doesn't a better battery deserve better protection? Extend your 1-year base battery warranty to a 2 or 3-year Sealed Battery Warranty¹ (available with warranty extension). A low upfront cost provides significant savings relative to a non-covered battery replacement, and saves the hassle and frustration of dealing with unplanned expenses.

BENEFITS

- ▶ Low upfront cost is significantly less than of a replacement not covered by an extension policy
- ▶ Fixed cost solution to prevent unexpected repair costs
- ▶ Combined with Onsite Service, a Sealed Battery Warranty will prevent the hassles and frustrations of system unavailability
- ▶ Be assured of an effective and efficient battery replacement with Lenovo certified technicians

WHY LENOVO™?

- ▶ No one knows our products like we do. The best products deserves the best service.
- ▶ Certified Lenovo technicians use Lenovo - Qualified parts for the highest quality repairs.
- ▶ Our global network of regional support centers offers consistent local-language support to your organization and employees, wherever they are.

1) Batteries degrade over time and variables such as temperature, usage and time affect battery life. Lenovo's Sealed Battery Warranty provides a one-time replacement opportunity in the event a defective or faulty battery fails to meet minimum performance standards. Battery health thresholds are determined by Lenovo's built-in battery diagnostic tool taking these factors into consideration. All products and offers are subject to availability.
