

# Lenovo Sealed Battery Warranty

Protecting your PC battery  
from unexpected failure.

Smarter  
technology  
for all

Lenovo

We live in an “always on” world and the experiences we have with our devices are limitless. Your PC is not just a tool for productivity, but also a source for entertainment, learning, and seamless gameplay. Long-lasting battery life is not just a feature but a necessity to help you stay productive and connected all day long.

However, even the most reliable devices encounter battery problems from time to time.

Lenovo's Sealed Battery Warranty service has you covered! Protect your sealed battery from degradation, enjoy hassle-free battery replacement service, and safeguard your PC from future battery failure.

## Why Lenovo Sealed Battery Warranty Service?

Batteries degrade over time, and variables such as temperature, usage, and age can affect battery life and performance. Lenovo's built-in Smart Battery<sup>1</sup> functionality learns your usage patterns, analyzes degradation factors, predicts battery lifespan & swelling risk, and adapts to your dynamic environment, all of which are tailored towards maximizing your PC longevity.

Further, with Lenovo's Sealed Battery Warranty, you can easily replace your PC battery in case of an unexpected failure.

### Avoid unexpected costs

Battery replacement costs can be expensive costing you up to \$200. With a small upfront investment, you can save significantly and enjoy peace-of-mind with extended battery coverage for up to 3 years.

### Hassle-free support

Your PC is in safe hands – Certified Lenovo technicians ensure the highest quality of repairs are performed on your device. Further, you can combine it with onsite support to enable a qualified technician to visit your premises and replace the battery without having to send the device to a repair center.

### Easy Battery Replacement

No more PC downtime – the sealed battery warranty offers a one-time replacement if the covered battery fails to meet the minimum performance standards.

### Access to genuine parts

Your PC's sealed battery is a non-customer replaceable unit. With Sealed Battery Warranty, you get access to Lenovo-qualified parts and support.

## A Step towards Sustainability.

Recent studies<sup>2</sup> show that when you buy durable and energy-efficient laptops, the longevity and overall value of your device increases. The longer you use the device, the smaller is the environmental impact.

At Lenovo, we are committed to delivering energy-efficient<sup>3</sup> products. With services such as Sealed Battery Warranty, your PC battery is protected from future degradation and failure. As a result, the lifespan and usability of your PC increases, thus taking you one step closer towards a more sustainable world.

## Smarter solutions to protect your IT investment.

### Maximize your battery health and protection today with Lenovo's Sealed Battery Warranty.

Here is how you can get started:

1. Search for the Lenovo Vantage app on your Lenovo PC or download it from the Microsoft store.
2. Open the Lenovo Vantage app and click on the device menu.
3. Select "Power" from the dropdown list.
4. Run a quick scan to check battery health and warranty status.

Hardware availability varies by region. Sealed Battery Warranty is available in country or region where coverage was purchased and is not transferable should the system travel to another country. Batteries degrade over time, and variables such as temperature, usage and time affect battery life. Lenovo's Sealed Battery Warranty provides a one-time replacement opportunity in the event a defective or faulty battery fails to meet minimum performance standards. Battery health thresholds are determined by Lenovo's built-in battery diagnostic tool taking these factors into consideration. Products and offers subject to availability. Lenovo reserves the right to alter product offerings and specifications, at any time, without notice.
