

Lenovo Manufacturing Sites and Suppliers

Following is the list of Lenovo manufacturing and suppliers as of August 2020. The list represents all our manufacturing sites, all our outsourced manufacturers and component suppliers that constitute 95% of our production spend. With respect to suppliers, all suppliers are required contractually to comply with the RBA Code of Conduct, Lenovo’s further and comprehensive Supplier Code of Conduct, all laws and regulations and many other Sustainability related concerns, the following suppliers receive direct validation of compliance. This includes formal agreements ensuring anti-corruption and anti-bribery, formal RBA annual self-assessments and independent biennial RBA approved third-party audits, receipt of audit reports, action plans and tracking closure of actions. Additionally these suppliers are formally tracked on environmental impact of GHG, water, waste renewable energy and responsible sourcing of materials. These efforts include critical Tier 2 and Tier 3 suppliers.
